

Safety Data Sheet

according to regulation (EC) 1907/2006 (REACH)

Trade name: **CREMANA[®]-derm protect**

Page 1/5

Revised at: 29.04.2008

Print date: 12.01.2009

1. Identification of the substance/preparation and of the company/undertaking

Trade name: **CREMANA[®]-derm protect**

Recommended use: Greasing, silicon-free skin protection and barrier cream (W/O) for use on workplaces where persons are frequently exposed to aqueous products, such as cleaning agents and disinfectants.

Effect of the preparation: Skin protection and barrier cream

Manufacturer: ALPRO MEDICAL GMBH
Mooswiesenstr. 9
D-78112 St. Georgen (Germany)
Telephone: +49 7725 9392-0
Telefax: +49 7725 9392-91
Email: alpro@alpro-medical.de
Internet: www.alpro-medical.com

Technical contact point: +49 7725 9392-0

Emergency phone: +49 7725 9392-0 (business hours)
+49 761 19240 Poisoning-information-central, Freiburg (24h emergency call)

2. Hazards identification

This product does not require labelling in terms of preparation guideline 1999/45/EC. The product is subject to the cosmetics ordinance and is not hazardous when used as intended.

3. Composition/information on ingredients

Chemical characterization: Mixture of substances listed below with nonhazardous additions.

<i>Hazardous ingredients</i>	<i>CAS-No.</i>	<i>Weight-%</i>	<i>Code letter</i>	<i>R-phrases*</i>
Polyglycerinester		1-5%	Xi	36

*Full text of R-phrases: see under section 16

Further information: Ingredients (INCI):
Aqua, Paraffinum Liquidum, Isopropyl Myristate, Cera Microcrystallina, Octyldodecanol, PEG-7 Hydrogenated Castor Oil, Sodium Chloride, Polyglyceryl-2 Sesquiosostearate, Cera Alba, Magnesium Stearate, Aluminium Stearate, Panthenol, Benzyl Alcohol, 2-Bromo-2-Nitropropane-1,3-Diol, Iodopropynyl Butylcarbamate, PPG-2-Methyl Ether, Deceth-8.

4. First aid measures

General information: Note precautions for self-protection.

On inhalation: No special measures necessary.

On contact with skin: No special measures necessary.

On contact with the eyes: Rinse the eyes with water with the eyelids open for a sufficient length of time. If irritation of the eyes occurs, seek ophthalmological advice.

If swallowed: Rinse out mouth and then drink plenty of water. Do not induce vomiting. Seek medical advice.

Information for the doctor: First aid, decontamination, symptomatic treatment.

Safety Data Sheet

according to regulation (EC) 1907/2006 (REACH)

Trade name: **CREMANA[®]-derm protect**

Page 2/5

Revised at: 29.04.2008

Print date: 12.01.2009

5. Fire-fighting measures

Suitable extinguishing media:	Water, foam, dry fire-extinguishing media, carbon dioxide
Extinguishing media which must not be used for safety reasons:	None known
Special exposure hazards arising from the substance or preparation itself, combustion products, resulting gases:	None known
Special protective equipment for firefighting:	Not necessary
Additional information:	Cool endangered containers with water spray jet and if possible remove off fire area.

6. Accidental release measures

Personal precautions:	No special measures necessary.
Environmental precautions:	Do not empty into drains or the aquatic environment.
Methods for cleaning up/taking up:	Treat recovered material as prescribed in: Disposal considerations.

7. Handling and storage

Hints for safe handling:	Avoid contact with eyes.
Hints for protection against fire and explosion:	Product is not flammable.
Further information:	Not necessary
Requirements for storage rooms and vessels:	Keep tightly closed and store only in original container.
Hints on storage assembly:	Not necessary
Further information on storage conditions:	Keep frost-free
Storage class:	LGK 10

8. Exposure controls / Personal protection

Constituents with occupational exposure limits resp. biological occupational exposure limits requiring monitoring:

Does not contain substances above concentration limits fixing an occupational limit.

General health and safety measures:

- Do not eat, drink, smoke while working.
- Wash hands before breaks and on finishing work.
- Preventive skin protection using barrier ointment.
- Keep away of foods and drinks.
- Avoid contact with eyes, skin and clothing.
- Avoid inhalation of aerosols and vapours.

Safety Data Sheet

according to regulation (EC) 1907/2006 (REACH)

Trade name: **CREMANA[®]-derm protect**

Page 3/5

Revised at: 29.04.2008

Print date: 12.01.2009

Personal protection equipment:

Respiratory protection:	Not necessary.
Hand protection:	Not necessary.
Eye protection:	Not necessary.
Protective clothing:	Not necessary.

9. Physical and chemical properties

Form:	cream			
Colour:	white			
Odour:	odourless, unperfumed			
pH-value:	7	(20°C)		
Boiling point/Boiling range:	not relevant to safety			
Melting point/Melting range:	not relevant to safety			
Flash point (DIN, TRbF):	not applicable			
Flammability (solid, gases):	not determinable			
Explosive properties:	none			
Lower explosion limit:	none			
Upper explosion limit:	none			
Ignition temperature:	not necessary			
Oxidizing properties:	none			
Vapour pressure:	not necessary	at 20°C		
Density:	not determined	at ...°C		
Bulk density:	not determinable	at ...°C		
Solubility in water:	emulsifiable			
in ethanol:	emulsifiable			
in hexan:	not soluble			
Partition coefficient:	not necessary	(n-octanol/water)		
Viscosity (dynamic):	not necessary	at 20°C	mPas=cP	±5%
Electrical conductivity:	not necessary	(20°C)		
Refractive index nD:	not necessary	(20°C)		
Optical rotation αD:	not necessary			

10. Stability and reactivity

Conditions to avoid:	No hazardous decomposition products if stored and handled as prescribed.
Materials to avoid:	No hazardous reactions with other substances known.
Hazardous decomposition products:	No decomposition if used as prescribed.

Safety Data Sheet

according to regulation (EC) 1907/2006 (REACH)

Trade name: **CREMANA[®]-derm protect**

Page 4/5

Revised at: 29.04.2008

Print date: 12.01.2009

11. Toxicological information

Acute toxicity:	No acute toxicity known.
Primary irritant effect on the skin:	No primary irritant effect on the skin known.
Primary irritant effect on the eye:	No primary irritant effect on the eye known.
Mutagenic potential:	No mutagenic potential known.
Sensitization:	No sensitizing effects known.

The product was classified on the basis of the calculation procedure of the preparation directive 1999/45/EC.

Based on manufacturer data of the main components the acute toxicity, the skin irritation, the mucous membrane irritation and the mutagenic potential of the preparation were evaluated. However, some data are not complete regarding particular main components. Nevertheless according to the experience of the manufacturer there are no other hazards expected than those which are already mentioned on the label.

12. Ecological information

Ecotoxicity:	Inhibition of degradation activity in activated sludge is not to be anticipated during correct introduction of low concentrations.
Persistence and degradation:	Ingredients are biodegradable.
Other adverse effects:	No other adverse effects known.
Further information:	Do not allow product to reach ground water or waters and do not empty undiluted product into sewers.

13. Disposal considerations

Disposal of the product:

In the EC member states there are no standardized regulations for the disposal of chemicals. In Germany the law of the cycle of economy and waste (KrW/AbfG) prescribes the principle of utilization and therefore a distinction must be made between "waste for utilization" and "waste for removal". Furthermore special cases – particularly in case of delivery – are also regulated by the federal states. Please contact the corresponding office (authority or waste disposal company) who will inform you about the utilization or removal.

Waste code no.*: 07 06 99

Disposal of uncleaned as well as completely emptied packings:

Disposal according to official regulations. Contaminated packings are to be treated like the substance.

Waste code no.*: 15 01 02

Further information:

If there is no official regulation, non-contaminated packings can be treated like domestic waste or can be recycled.

*Waste code no.: Waste incurred is classified following the code of the European waste register according to kind of waste and branch.

Safety Data Sheet

according to regulation (EC) 1907/2006 (REACH)

14. Transport information

No hazardous material as defined by the transport regulations (ADR/RID, IMDG-Code, ICAO-TI/IATA-DGR)

15. Regulatory information

Labelling

Code letter: -
Hazard designation: -
contains: -
R-phrases: -
S-phrases: -

Special labelling of certain preparations (preparation directive 1999/45/EC annex V):
not necessary

Additional information: The product is subject to the cosmetics ordinance and there is no obligatory labelling requirement according to the directive covering preparations 1999/45/EC.

National regulations (Germany)

Restrictions of occupation: None
Störfallverordnung: -
Classification according to VbF: Not subject to the VbF
Technische Anleitung Luft: -
Water hazard class: WGK 1 (slightly water hazardous); self-classification

16. Other information

Full text of R-phrases appearing in section 3:
(This is not the classification of the product CREMANA[®]-derm protect!)

R36 Irritating to eyes.

Further information:

This information is based on our present knowledge and describes the safety measures which are to be taken for this product. However, this shall not constitute a guarantee for any product features.

Marking of changes:

There are no changes so far.
